

Consider a Donation

The YNVA programs have been designed to influence a child for life.
It is your charitable giving that makes this possible.

YNVA Programs not only build new experiences, they build friendships and instill the basic values of our Association Mission: "To put into practice the core values of integrity, team work, respect, caring, discipline, and accountability."

It is an experience every kid deserves, but not every family can afford.

Through your generous support, we make financial assistance available to families who otherwise could not afford to participate. Your donations keep our Youth National Volleyball Association (YNVA) programs open to all kids including those with the greatest need. We know that during our current economy that some people will be hesitant to give because they are afraid they cannot give enough. We understand these feelings. However, it is important to realize that no amount is too small because it all adds up to support of our youth.

Whether you are a current donor or considering a tax-deductible donation or planned (estate gift), your support will help maintain YNVA programs and provide financial assistance to families who need it most.
