

Where Our Dollars Go

As a non-profit organization, the Youth National Volleyball Association depends on contributions to maintain its objective to build positive character, and enrich the lives and health of youth through the promotion of Youth Volleyball. Our Mission is to put into practice the core values of integrity teamwork, respect, caring, discipline, accountability and fair play.

Through our Scholarship Program, your financial support ensures that no child will ever be turned away from a YNVA Program because of their inability to pay. Your help ensures that the lives and health of all youth wishing to participate in the YNVA will be enriched.
